"I've absolutely loved the last six months I've spent taking Spanish classes at LAE! The school is well-situated & the best part is that it feels very "homey" the minute you walk through the door."

Our Spanish Teachers

Spanish teachers are a hugely important part of a Spanish school, and in LAE Madrid they are the foundation of everything we do. We are extremely careful when choosing our teachers to make sure that they can bring out the best in you and are passionate about Spanish and helping students to reach their goals.

All of our teachers, as well as having extensive studies (including degrees and Master's) have been **trained specifically to teach Spanish as a foreign language (ELE)**. We think there's a huge difference between knowing the language and understanding how to help someone non-native to learn it from scratch, or make sense of their mistakes.

Our teachers also have many years of **experience teaching** Spanish in Madrid and further afield.

Our Methodology

At LAE Madrid, we use the **PPP methodology** (presentation, practice and production).

The classes are dynamic and interactive: first, the topic is presented, then it's put into practice, and finally used in a specific context. This methodology simplifies how and why the specific grammar structure is used, so the student understands it and can use it seamlessly.

We use different **teaching materials**, depending on the levels. For lower levels, books provide structure that enables students to learn the necessary grammar and vocabulary to improve within their level, alongside complementary materials prepared by our teachers. For higher levels, books become less important and we use real-life materials, including articles, games, videos, all with a focus on communication and gaining confidence in your Spanish.

Cultural Activities

All of our students are welcome to participate in our cultural activities program so you don't just improve your Spanish but also make memories in Madrid. We organize a varied schedule of activities, from must-see museum visits to tantalizing tapas tastings. Get to know the language, culture and sights of Madrid, not just from the classroom but from around the city with LAE Madrid.
